Alphacare 881 Metroll Cleaner

Cleaner for metering roller

February 2022

Purpose & Application

Metering rollers in dampening systems work as dosing instruments for precisely controlled damp transfer to the plate cylinder. To ensure its full function a maintenance process must be undertaken periodically. Metroll is a fluid with specific cleaning and degreasing power to keep metering rollers in best condition.

Features & Benefits

- After proper use, the roller regains its precision in damp transfer,
- For oil-based and UV inks equally suited,
- Since vapor pressure is high (17 hPa / 20°C), drying is quick and grease disappears totally,
- Does not interfere the acceptance behavior for dampening solution.

Use and product Instructions

- The fluid is ready to use, apply it undiluted,
- Avoid contact with plates and plastic parts,

Storage/Handling & Packaging
